Dear Mr. Proby:

Thank you very much for picking our school to go to the Emergency Operation Center. It was an experience I will never forget. I also want to thank you for preparing us for our situations, and how we should prepare for a real hurricane. That day I learned that without the EOC some of our problems wouldn't be solved.

I loved how we were sitting in the actual chairs that the real people were sitting in before us. The building was

amazing, too, will all the monitors and microphone to talk into. My job was the best job anyone could get. Sitting in the front and being the head boss. Telling people what to do was fantastic. I just appreciate all that you did for our class. Thank you so much!

Sincerely,

Camila Goizueta
