Dear Mr. Proby:

I thank you for letting us be the first elementary school to go to the Emergency Operations Center. I worked in health and medical. I liked the way you explained every job for us. I'm really thankful that you came out to our school to give us a reenactment of what we were going to do at the EOC. In the beginning, I did not know what to do. Now, I do since you explained every single job. There was another part of the EOC that I enjoyed. It was the media room. I liked the cameras that filmed us. The picture was put on that TV.

That was sent out to all of the TV studios. I think it was called the pool camera. It was a really good experience to go sit down were real workers sat. I felt honored. I hope I can come back one more time. Thank you again for taking us to the EOC.

Sincerely,
Evan Stinson
