Dear Mr. Proby:

Thank you for giving us the experience for the first elementary school to go to the Emergency Operation Center. Also thank you for helping us plan for the hurricane that was coming and for telling us about the monitors. The camera in the media room was amazing, especially that all news stations use that one camera. We also learned how to work together in a situation. Also all the resources that every group had were amazing. We appreciate that you let us come to the EOC Center. Thank you for giving us ideas for how to prepare for a hurricane.

My job was search and rescue we were all working together to try to save the people. We were the first responders to search for everyone after the hurricane.

Sincerely,

Alex Valdez
